

Is the residual risk acceptable? : YES

Hazard : Falling Objects

Who's Involved : All Users

Severity : 3

Probability : 1

Risk Factor : 3

Control Measures : All high level equipment to be secured secured. All users inside the fenced compound to wear helmets. Supervising instructor to give a safety briefing prior to the start of the session, which will include awareness of high level equipment.

Residual Severity : 2

Residual Probability : 1

Residual Risk Factor : 2

Is the residual risk acceptable? : YES

Hazard : Fall from Boulder / Wall (Below 1m above ground level)

Who's Involved : All Users

Severity : 3

Probability : 1

Risk Factor : 3

Control Measures : All users are climbing freely, limited to 1 metre off the floor, supervised by an Instructor at Ground level. Free climbing to be undertaken in pairs - one member of the pair to be the spotter. Supervising instructor to give demonstrate how to correctly spot for a free-climber.

Residual Severity : 2

Residual Probability : 1

Residual Risk Factor : 2

Is the residual risk acceptable? : YES

Hazard : Fall whilst decending

Who's Involved : All Users

Severity : 4

Probability : 2

Risk Factor : 8

Control Measures : All users to be belayed by a suitably qualified instructor or suitably experienced person under the supervision of a suitably qualified supervising instructor if climbing above 1m from ground level. If required, ground are to be used to secure the belay point.

Residual Severity : 3

Residual Probability : 1

Residual Risk Factor : 3

Is the residual risk acceptable? : YES
