S = Severity (1 = V. Low, 5 = V. High), P = Probability (1 = Highly Unlikely, 5 = Highly Likely), R = Risk Factor, Severity x Probability

**Hazard** : Injury from manual handling of boxes

**Who's Involved** : Site Services Crew

**Severity** : 2

**Probability** : 2

**Risk Factor** : 4

**Control Measures** : Crazy Golf boxes to be lifted by two people, where ever they must be lifted. Only one box to be lifted / loaded at a time. Best Practices for Manual Handling to be followed at all times. Crew members who are unsure about this are to be advised to contact either the site manager or the site services team leader for a manual handling induction.

**Residual Severity** : 2

**Residual Probability** : 1

**Residual Risk Factor** : 2

**Is the residual risk acceptable?** : YES
