

# Risk Assessment

## Archery (Outdoor)

### Document Control

<b>Issue #</b>	<b>Issued By</b>	<b>Approved By</b>	<b>Review Due</b>
1	T. Roast (13.08.2018)	L. Upton (05.08.2018)	05.01.2020

**Residual Severity** : 1

**Residual Probability** : 1

**Residual Risk Factor** : 1

**Is the residual risk acceptable?** : NO

---

**Hazard** : Unexpected access while shooting is in progress

**Who's Involved** : Unauthorised Users All Users

**Severity** : 4

**Probability** : 3

**Risk Factor** : 12

**Control Measures** : Whilst the Activity is in progress a watch is kept by the Leaders of the Activity to ensure no persons enter the Range area. Anyone approaching the range while shooting is in progress will cause the activity to be halted. Once the person is a safe distance away, the activity will restart.

**Residual Severity** : 1

**Residual Probability** : 1

**Residual Risk Factor** : 1

**Is the residual risk acceptable?** : NO

---

**Hazard** : Unauthorised Access

**Who's Involved** : Unauthorised Users

**Severity** : 4

**Probability** : 2

**Risk Factor** : 8

**Control Measures** : The Range area is within an area designated "out of bounds" for campers. The range has a fence around it to stop anyone walking onto the range. Warning signs are displayed when shooting is in progress. The Range will be checked and cleared of any hazards before running any session.
