

Heather Lodge

Heather Lodge is our multi-purpose non-residential building.

Facilities include:

- fully fitted kitchen with all modern appliances, crockery, pots and pans.
- large main hall with tables and chairs

Arrivals before 6pm

It **may** be possible for you to gain access to the building before 6pm during the week, however this **must** be arranged in advance via the campsite bookings administrator.

Food Deliveries

If you are arranging for supermarket food deliveries to site, please ensure that they have all your correct contact information and that they do not turn up on site before 6pm during the week.

It is also extremely helpful if you can let us know if you are expecting food deliveries, to let us know the name under which this has been arranged, as then we know where to direct the delivery driver when they arrive on site.

Things we ask when using the Heather Lodge

- Please empty the bins by the end of your stay observing the site recycling system as far as possible
- Please put all tables and chairs away, at the sides of the main hall, when you leave
- Please remove all food from the fridge / freezer at the end of your visit
- If using the heating, please keep the doors and windows closed and please turn off all heating when the building is not in use and at the end of your visit

This building is not suitable to use as sleeping accommodation.

In the event that the fire alarm is activated:

- All users must exit the building via the nearest available exit
- The fire assembly point is on the Flag Break area, in front of the Providore

Please report any damage to a member of the on-duty site service team immediately.
